

Sunday School Camp: 2015

"A Sunday school teacher asked her small pupils, as they were on the way to the church service, "Why should we be quiet in church?" One bright little girl replied, "Because people are sleeping."

Was the girl wrong? I think she wasn't. Our children grow to know the Church to be a boring place characterized amongst others by sleeping.

We need to change this mindset. Children should know that Church is a Holy place of Worship where believers meet God in Spirit, not in dreams.

We thus carry the responsibility of making Church to be a lively place of Worship. We have to socialize and rejoice joyously in Church. Our children have to love and appreciate Church than any other thing in this world because Church is where our lives belong. Hence the Sekhukhuneland URCSA Sunday School Camp scheduled as follows:
